

ecee Industrial Summer Study proceedings

Industrial Efficiency 2018: Leading the low-carbon transition

ISSN: 2001-7987 (online), 2001-7979 (print)

ISBN: 978-91-983878-3-4 (online), 978-91-983878-2-7 (print)

You need to be an ecee member or Industrial Efficiency 2018 participant to get access to the full pdf:s of papers and presentations. The abstracts are not password protected.

See ecee's ethical guidelines (<http://www.ecee.org/industry/for-authors/publication-ethics>) for papers and review process (<http://www.ecee.org/industry/for-authors/review-process>).

Errata

The following paper has been corrected by the authors since the proceedings were published (and therefore differ from the printed version of the paper).

1-088-18 "Machine tools: 12 points – catching complexity in ecodesign": Table 8 and the associated text have been updated.

1-113-18 "EU member states energy efficiency policies for the industrial sector based on the NEEAPs analysis": A disclaimer has been added.

4-012-18 "Energy efficient supply chain of an aluminium product in Sweden – what can be done in-house and between the companies?": One of the references has been corrected.

4-099-18 "Energy efficiency good practices in industry: the EIEEP platform": The abstract has been updated.

Panels of Industrial Efficiency 2018

1. Policies and programmes to drive transformation

(/library/conference_proceedings/ecee_Industrial_Summer_Study/2018/1-policies-and-programmes-to-drive-transformation)

2. Sustainable production towards a circular economy

(/library/conference_proceedings/ecee_Industrial_Summer_Study/2018/2-sustainable-production-towards-a-circular-economy)

3. Energy management: The nuts and bolts

(/library/conference_proceedings/ecee_Industrial_Summer_Study/2018/3-energy-management-the-nuts-and-bolts)

4. Technology, products and system optimisation

(/library/conference_proceedings/ecee_Industrial_Summer_Study/2018/4-technology-products-and-system-optimisation)

5. Business models, finance and investment in the age of digitalisation

(/library/conference_proceedings/ecee_Industrial_Summer_Study/2018/5-business-models-finance-and-investment-in-the-age-of-digitalisation)
