Changes have been made as follows:

In “2.2 Search strategy”

We (QL, HL, IV) conducted a search of the literature published from database inception through January 31, 2020, in six Chinese and five English electronic databases.

In “2.4 Quality assessment”

Discrepancies between two reviewers were solved through discussion.

In “2.5 Data extraction”

IV cross-checked the extracted data to ensure accuracy.

In “Credit author statement”

QL, HL, and IV conducted literature search. QL and HL examined study quality. QL and HL conducted data extraction. IV cross-checked extracted data. QL made the figures, QL and HL made the tables. PD and JC contributed extensively to data interpretation and discussion. All authors contributed to study design, data analysis, data interpretation, manuscript write-up, and finalisation.
