Paper Title
OpenMix: Reviving Known Knowledge for Discovering Novel Visual Categories in an Open World

META-REVIEWER #1

META-REVIEW QUESTIONS

3. [Meta-review] Consolidation report explaining the decision for the paper based on reviews, rebuttal and discussion with reviewers and AC-triplet

All three viewers recommended acceptance. In particular, using mixup for novel class discovery is considered novel and interesting. The paper is also easy to read. Most negative comments were on how to determine the number of novel classes. These have been addressed in the rebuttal. There is thus no basis to overturn reviews. The authors are encoura improve the paper in the final version following the suggestions of the reviewers.
