Terms governing architectural education and their proximity to each other according to General Offusation Index (α), Transparency percentage (α), Publication Degree Adjustment (α), Utterability Level (a.k.a. Offusation Rank) (α), Ownership Constant (α), and Grammatical Readiness Ratio (β)

91) **Generalization Index:** Distance between the actual terms and the intended meaning of communication, usually associated with the use of analogies and metaphors. It is a measure of the degree of abstraction or generalization. It is a measure of the degree of abstraction or generalization. It is a measure of the degree of abstraction or generalization.

92) **Transparency percentage:** A measure of the degree of transparency or openness. It is a measure of the degree of transparency or openness. It is a measure of the degree of transparency or openness.

93) **Publication Degree Adjustment:** A measure of the degree of publication or dissemination. It is a measure of the degree of publication or dissemination. It is a measure of the degree of publication or dissemination.

94) **Utterability Level (a.k.a. Offusation Rank):** A measure of the degree of utterability or readability. It is a measure of the degree of utterability or readability. It is a measure of the degree of utterability or readability.

95) **Ownership Constant:** A measure of the degree of ownership or possession. It is a measure of the degree of ownership or possession. It is a measure of the degree of ownership or possession.

96) **Grammatical Readiness Ratio:** A measure of the degree of grammatical readiness or preparedness. It is a measure of the degree of grammatical readiness or preparedness. It is a measure of the degree of grammatical readiness or preparedness.

97) **360 Review:** A comprehensive review of a subject or field. It is a comprehensive review of a subject or field. It is a comprehensive review of a subject or field.

98) **AD:** A measure of the degree of... It is a measure of the degree of... It is a measure of the degree of...

99) **ARC:** A measure of the degree of... It is a measure of the degree of... It is a measure of the degree of...

100) **ARWU:** A measure of the degree of... It is a measure of the degree of... It is a measure of the degree of...

101) **CERIF:** A measure of the degree of... It is a measure of the degree of... It is a measure of the degree of...

102) **CRA:** A measure of the degree of... It is a measure of the degree of... It is a measure of the degree of...

103) **DP:** A measure of the degree of... It is a measure of the degree of... It is a measure of the degree of...

104) **EDI:** A measure of the degree of... It is a measure of the degree of... It is a measure of the degree of...

105) **EP:** A measure of the degree of... It is a measure of the degree of... It is a measure of the degree of...

106) **ERA:** A measure of the degree of... It is a measure of the degree of... It is a measure of the degree of...

107) **EuroCRIS:** A measure of the degree of... It is a measure of the degree of... It is a measure of the degree of...

108) **FFE:** A measure of the degree of... It is a measure of the degree of... It is a measure of the degree of...

109) **FPI:** A measure of the degree of... It is a measure of the degree of... It is a measure of the degree of...

110) **For:** A measure of the degree of... It is a measure of the degree of... It is a measure of the degree of...

111) **GS:** A measure of the degree of... It is a measure of the degree of... It is a measure of the degree of...

112) **H-Index:** A measure of the degree of... It is a measure of the degree of... It is a measure of the degree of...

113) **IVAR:** A measure of the degree of... It is a measure of the degree of... It is a measure of the degree of...

114) **JR:** A measure of the degree of... It is a measure of the degree of... It is a measure of the degree of...

115) **KPF:** A measure of the degree of... It is a measure of the degree of... It is a measure of the degree of...

116) **LMS:** A measure of the degree of... It is a measure of the degree of... It is a measure of the degree of...

117) **NWOL:** A measure of the degree of... It is a measure of the degree of... It is a measure of the degree of...

118) **OHS:** A measure of the degree of... It is a measure of the degree of... It is a measure of the degree of...

119) **ORCID:** A measure of the degree of... It is a measure of the degree of... It is a measure of the degree of...

120) **QA:** A measure of the degree of... It is a measure of the degree of... It is a measure of the degree of...

121) **QS:** A measure of the degree of... It is a measure of the degree of... It is a measure of the degree of...

122) **RE:** A measure of the degree of... It is a measure of the degree of... It is a measure of the degree of...

123) **REF:** A measure of the degree of... It is a measure of the degree of... It is a measure of the degree of...

124) **RIA:** A measure of the degree of... It is a measure of the degree of... It is a measure of the degree of...

125) **RIMS:** A measure of the degree of... It is a measure of the degree of... It is a measure of the degree of...

126) **SMART:** A measure of the degree of... It is a measure of the degree of... It is a measure of the degree of...

127) **SPS:** A measure of the degree of... It is a measure of the degree of... It is a measure of the degree of...

128) **SLO:** A measure of the degree of... It is a measure of the degree of... It is a measure of the degree of...

129) **THE:** A measure of the degree of... It is a measure of the degree of... It is a measure of the degree of...

130) **UKRI:** A measure of the degree of... It is a measure of the degree of... It is a measure of the degree of...
