BUSINESS  
MANAGEMENT  
FOR  
BUILDERS

HERA ANTONIADES

ACCOUNTING AND BUSINESS MANAGEMENT FOR BUILDERS THIRD EDITION 2016 ISBN 97809992430429 HERA ANTONIADES

Accounting and Business Management has been written to assist with the managing and writing up of your business accounts, financial reports and the application of taxation procedures in a construction business.

A feature of the text book is its practical emphasis. Each chapter indicates the learning objectives, and includes graded questions which allow the student to progress at their own pace.

**Hera Antoniadis** has many years experience in the industry as an Accountant, Valuer, Real Estate Agent and Business Agent. She teaches Accounting, Property Taxation, Valuation and Real Estate subjects and conducts workshops for accounting and taxation concepts relating to the property and construction industries.

She also specialises in various accounting and taxation topics for the property, building and construction industry. Research and publications includes Property Tax, Accounting and Business Management for Builders, Accounting and Taxation for Valuation Profession, and the Residential Tenancies Legislation. Her research on Trust Accounting includes Forensic Trust Accounting, Legal and Conveyancers Trust Accounting and Travel Agency Trust Accounting.
